Description

A legend returns - the Terra Scorcher has been a trusty off-road assembly kit for R/C enthusiasts since 1988! It makes a welcome comeback in the shape of this LIMITED-EDITION kit, which features a modern chassis and some updates to the livery marking scheme.

Features:

- 1/10 scale R/C model assembly kit.
- Polycarbonate body is paired with the 4WD chassis that was previously employed on the re- issued Fire Dragon (Item 58403), with further upgrades.
- Updated marking stickers keep the flavor of the 1988 original.
- Shaft-driven 4WD drivetrain provides efficient and reliable drive via universal joints and 3-bevel gear differentials in the front and rear

sealed gearboxes, and enhanced by Full Ball Bearings.

- The streamlined double wishbone suspension employs upper I-arms and lower H-arms with CVA oil dampers. Upper arms are adjustable.
- Stabilizers front and rear ensure nimble handling and precision.
- Includes: Tamiya TBLE-02S ESC (electronic speed control) Capable of running sensor brushless motors and brushed motors alike. (21.5 Turn BL motor limit) (23 Turn brushed motor limit)
- Required Items: 2-Channel radio, steering servo, 7.2volt battery pack with compatible charger, and Tamiya PS paint.
