Description

Rule the Track with the Shogun Racing Truck!

Want to dominate the track and stay ahead of your friends? The Shogun is going to be at the top of the timing sheets! The Shogun from Team Corally is simply the meanest, baddest, and roughest LiPo-powered truck on the planet! Fitted with a 2050KV motor that can take up to 6S power, the Shogun is super-fast on dirt, gravel, grass, jumps and more! If you want massive speed and huge air in a racing truck package, you have found your perfect vehicle!

With a super-durable, all-metal four-wheel drivetrain, fully independent competition-style suspension, racing chassis, and aerodynamic racing design, this is the ultimate basher truck for anyone looking for fun!

Capable of 2S-6S operation, the Kronos XP arrives completely assembled and ready to run. Simply add 4 AA transmitter batteries and a suitable battery and charger for the ultimate in speed, performance, durability and handling.

For the complete story and all of the details on the Shogun XP, [CLICK HERE](#)

Features:

- Pre-built racing style truck with electronics, bodyshell and tires installed
- Team Corally TOROX 185 ESC 3-6S with LiPo protection (programmable)
- Team Corally Kuron 2050kV 4-pole brushless motor 2-6S
- Varioprop CR-7220-MG High Torque Digital Servo, Metal Gear, 20 Kg Torque
- Aluminum servo arm
