Description The CR12 Trail Series 4x4 truck may be small in size, but it is packed full of features. This rig comes Ready-To-Run with Reedy Power electronics and meets S.O.R.R.C.A. class 1 and 2 rules right out of the box. No need to prep or build your rig; just charge it and you're ready to hit the trails!

Designed not only for scale looks with realistic wheels, tires and a licensed Ford F-150 Pick-Up body, the CR12 is built for performance as well. The steel ladder frame chassis provides the perfect backbone for this rugged little rig. The 4-link suspension, threaded shocks, and soft rubber tires give the grip and performance needed to climb over the roughest terrain. Transferring power to the rocks is a compact 3-gear transmission,

front steel CVA axles, and includes metal-shield ball bearings.

Get ready to hit the trails and look good while doing it with the CR12 Trail Series 4x4 truck!

Features:

Metal front CVA and rear solid axle shafts with 12mm hex adapters

Metal 4-link front and rear suspension

Fully adjustable, threaded, fluid-filled shocks
