Description

GZR T-BAR version 2. It will adjust any way you want it too. It also comes with grease fitting for easy greasing of flex shaft. it is drilled for 5/16 brass tubing. the center section also adjusts up and down. It will fit rails from 4 3/4" to 5 3/4" and weights 2 oz

This version it a smaller foot print and easy to install a remote oil cup and valve to adjust oil flow just right for your application. Please note we have has changed the hole size on top is 6mm so our oil cups will fit this verion also and the alum that conects to the rails is smaller making the complete bar smaller it is great setup for any boat.

PLEASE NOTE: TFL OIL CUP NOW WiIL FIT THIS T-BAR also Part # 535B50
