Description Team Associated's 1/14 scale Reflex 14T 4WD electric truggy comes out of the box already assembled, with a Reedy Power brushless speed control, brushless motor, high-torque digital steering servo, and 2.4GHz radio system. With all that power at your disposal, the truggy's design effortlessly channels it into 4wd fun! The adjustability offered by the turnbuckles, caster blocks, and rear hubs make the Reflex 14T ready for any terrain you can run on. Additional features include three sealed differentials, aluminum steering rack, and lightweight aluminum center driveshaft. By adding a battery pack of your choice to the Reflex 14T RTR, you can now have big performance in a small-scale Ready-to-Run package!

Features:

- High-Torque Digital Servo with spring-style servo saver
- Powerful Reedy 4500kV Brushless Motor
- Water-resistant, high-power, Reedy brushless speed control with T-plug
- Front universal driveshafts
- Sleek and stylish race-inspired body

Specifications:

- Length: 304mm (11.97in)
- Width: 202mm (7.95in)
