Description

Cross-RC kits are premium vehicles intended for the most discriminating R/C modeler who demand the utmost in quality and precision. Available only in kit form, these vehicles require the addition of radio, servo, ESC, and battery.

The SP4-series are among the most advanced scalers offered by Cross, and include molded plastic bodies, LED lights, 35T brushed motors,

aluminum coil-over shocks, incredible scale details, and more.

Shown assembled and painted for display purposes only - Requires assembly
