Description

Cross-RC kits are premium vehicles intended for the most discriminating R/C modeler who demand the utmost in quality and precision. Available only in kit form, these vehicles require the addition of radio, servo, ESC, and battery.

The SU4-series are the latest scalers offered by Cross and include molded plastic bodies (all versions), LED lights, backlit dashboards (B & C versions) 35T brushed motors, aluminum coil-over shocks, incredible scale details, and an innovative magnetic rear liftgate that makes battery access simple and convenient.

Shown assembled and painted for display purposes only - Requires assembly

Key Features:

- Molded hard plastic body
- LED lighting
- Simulated engine panel
- Full interior w/ five seats
- Metal drive shafts
- Metal coil-over shocks
- Blackrock Tires
- High-density inner tire foam
