### Description

The Wolf 2 is a 1/10 4WD off road buggy that is the ideal for the entry-level user, but strong enough for a more advanced driver. The Wolf 2 comes with a 6-cell 1800mAh Ni-Mh battery pack and charger to power the buggy which allows the end user to begin enjoying the vehicle almost instantly. Also included is a 60A waterproof ESC with reverse, and a large 550-sized brushed motor with an internal fan and cooling jacket. This combo makes an excellent value as an entry-level vehicle, and is built tough enough not to disappoint.

**Items needed to complete:**

- 4 AA batteries

**Features:**

- 2.4GHz Radio System
- 60A Waterproof Brushed ESC
- Large oil-filled coil-over shocks.
- Oil-filled front and rear differentials for great performance.
- Reinforced chassis and upper deck bracing design
- Over-sized, strong, metal drive axles.

**Specifications:**

- L - 17.91" including rear wing
- W - 10.04" front, 10.24" rear
- H - 6.61" including rear wing
- Weight - 4.36 lbs.
- Wheelbase - 11.5"
